Millstadt Ambulance Service
Millstadt, Illinois

INDEPENDENT AUDITOR'S REPORT

We have audited the accompanying general purpose financial statements of the Millstadt Ambulance Service as of and for the year ended April 30, 2000, as listed in the table of contents. These financial statements are the responsibility of the Service's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of the Millstadt Ambulance Service as of April 30, 2000, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

Allison Knapp & Siekmann, Ltd.

Millstadt Ambulance Service
Millstadt, Illinois

NOTES TO FINANCIAL STATEMENTS

April 30, 2000

Note 1: Summary of Significant Accounting Policies

The financial statements of the Millstadt Ambulance Service (Service) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

A. Reporting Entity

The Service was organized by an intergovernmental cooperation agreement between the Village of Millstadt and the Millstadt Rural Fire Protection District. According to the agreement, the Service will operate independently of the organizing entities. The Service will receive funding from these entities by a property tax levied on the real property within their respective areas (see Note 3).

B. Basis of Presentation - Fund Accounting

The accounts of the Service are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund balance, revenues and expenditures or expenses as appropriate. The following fund type and account group are used by the Service:

GOVERNMENTAL FUND TYPE

General Fund - The General Fund is the general operating fund of the Service and accounts for all revenues and expenditures of the Service.

ACCOUNT GROUPS

General Fixed Assets Account Group - This account group is established to account for all fixed assets of the Service.

General Long-Term Debt Account Group - This account group is used to account for all general long-term debt and certain other liabilities.

(continued on next page)

NOTES TO FINANCIAL STATEMENTS

(continued)

April 30, 2000

Note 1: Summary of Significant Accounting Policies (continued)

C. Property, Plant and Equipment

The accounting and reporting treatment applied to property, plant and equipment associated with a fund are determined by its measurement focus. All governmental fund types are accounted for on a spending "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources". Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

Property, plant and equipment used in governmental fund type operations are accounted for in the General Fixed Assets Account Group, rather than in governmental funds. No depreciation has been provided on such property, plant and equipment.

All property, plant and equipment are valued at historical cost. Donated property, plant and equipment are valued at their estimated fair value on the date donated. As described in Note 6, the Ambulance Service building is recorded at its insured value on the date donated plus legal and surveying fees.

The General Fixed Assets Group of Accounts is not a fund. It is concerned only with the measurement of financial position. It is not involved with measurement of results of operations.

D. Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

All governmental funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. Taxpayer-assessed income, gross receipts, and sales taxes are considered "measurable" when in the hands of intermediary collecting governments and are recognized as revenue at that time. Anticipated refunds of such taxes are recorded as liabilities and reductions of revenue when they are measurable and their validity seems certain.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

NOTES TO FINANCIAL STATEMENTS
(continued)
April 30, 2000

Note 1: Summary of Significant Accounting Policies (continued)

E. Budgets and Budgetary Accounting

The Service follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to May 1, the Service issues a tentative operating budget prepared for the year commencing the following May 1. The operating budget includes proposed expenditures and means of financing them.
2. The Board of Directors approve the budget.
3. The above annually budgeted funds lapse at the end of the year.
4. The budgeted amounts, which were not amended, shown in these financial statements are the final authorized amounts.

F. Cash and Cash Equivalents

Cash and cash equivalents include amounts in demand deposit accounts as well as short-term investments with a maturity date within 3 months of the date acquired by the Service. Cash equivalents are stated at cost plus compounded interest where applicable.

G. Accounts Receivable - Patient Fees

Accounts receivable patient fees represents outstanding amounts due the Service for patient services provided.

H. Allowance for Uncollectible Accounts

A reserve for uncollectible accounts has been established at 35% of gross patient fee billing for the years ended April 30, 2000 and 1999, based on historical experience.

I. Prepaid Items

Payments made to vendors for services that will benefit periods beyond April 30, 2000, are recorded as prepaid items.

(continued on next page)

NOTES TO FINANCIAL STATEMENTS

(continued)

April 30, 2000

Note 1: Summary of Significant Accounting Policies (continued)

J. Accumulated Compensated Absences

During the year ended April 30, 1994, a policy was adopted to establish a vacation for the Service's part-time employee. At April 30, 2000, all vacation days had been used and, therefore, no accrual for compensated absences is presented.

K. Memorandum Only - Total Columns

Total columns on the general purpose financial statements are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, result of operations, and changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

L. Comparative Data

Comparative total data for the prior year have been presented in the accompanying financial statements in order to provide an understanding of changes in the government's financial position and operations. However, comparative data have not been presented in all statements because their inclusion would make certain statements unduly complex and difficult to understand.

M. Use of Estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with generally accepted accounting principles. These estimates and assumptions affect the reported amounts of assets and liabilities and the reported revenues and expenditures. Actual results could vary from estimates that were used.

Note 2: Deposits and Investments

The Millstadt Ambulance Service's cash and cash equivalent accounts have been categorized by the level of risk using the criteria set forth in GASB Statement 3, as described below:

Cash

At April 30, 1999, the carrying amount of the Service's deposits totaled \$24,094. The bank balances of these deposits totaled \$26,146 and have been categorized as follows:

(continued on next page)

NOTES TO FINANCIAL STATEMENTS
(continued)
April 30, 2000

Note 2: Deposits and Investments (continued)

	<u>Carrying amount</u>	<u>Bank balances</u>
Category 1		
Deposits which are insured or collateralized with securities held by the Service or its agent in the Service's name.	\$ 24,094	\$ 26,146
Category 2		
Deposits which are collateralized with securities held by the pledging financial institution's trust department or agent in the Service's name.	-	-
Category 3		
Deposits which are uninsured or uncollateralized or for which the collateral is held by the pledging financial institution's trust department or agent but not in the Service's name.	-	-
Total deposits	<u>\$ 24,094</u>	<u>\$ 26,146</u>

Note 3: General Fixed Assets and Changes in Fixed Assets

General fixed assets are recorded at cost, for valuation purposes only, with no provision for depreciation. The investment in fixed assets represents the Service's basis in the equity of general fixed assets.

Changes in General Fixed Assets

	<u>Balance 4/30/99</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance 4/30/00</u>
Building	\$ 77,565	\$ -	\$ -	\$ 77,565
Building improvements	23,384	1,607	-	24,991
Ambulances and equipment	161,862	1,393	5,053	158,202
	<u>\$ 262,811</u>	<u>\$ 3,000</u>	<u>\$ 5,053</u>	<u>\$ 260,758</u>

(continued on next page)

NOTES TO FINANCIAL STATEMENTS

(continued)

April 30, 2000

Note 4: Property Taxes

The accompanying financial statements present an estimate of the current tax levies requested by the Village of Millstadt and the Millstadt Rural Fire Protection District based on prior assessed valuations and certain adjustments. The property taxes are levied by the last Tuesday of December on all taxable and real property located in the Village and Fire Protection District. A lien on all taxable real property is effective on January 1 of the tax year. Property taxes are collected by the St. Clair County Collector who remits to the taxing units their respective shares of the collection. Taxes levied in one year become due and payable in two installments during the following year. The first installment is due in June and the second installment is due in September. They are recorded as deferred revenue by the Service until the taxing bodies actually remit the collections, which is approximately one month after these dates. The taxing entities are a conduit for the levy and collection of the tax, which is transferred to the Service.

As of April 30, 1999, the property tax receivable balances consist of the following:

	Village of Millstadt	Millstadt Rural Fire Protection District	Total
1999 Levy - estimated	<u>\$ 36,024</u>	<u>\$ 57,300</u>	<u>\$ 93,324</u>

Note 5: Note Payable - Bank

Note payable - Bank at April 30, 2000 and 1999 consisted of the following:

	2000	1999
Note to bank, interest at 5.5% payable semi-annually beginning April 21, 1998 through October 21, 2000, principal due on demand, if no demand, \$5,148.67 October 21, 1998, balance due October 21, 2000, collateralized by 1995 Ford RV chassis with 1986 Atlantic modular ambulance unit	<u>\$ 5,862</u>	<u>\$ 10,297</u>

Note 6: Changes in General Long-Term Debt

The following schedule summarizes the change in general long-term debt for the year ended April 30, 2000:

Balance, May 1, 1999	\$ 10,297
Increase in liability	-
Decrease in liability	<u>(4,435)</u>
Balance, April 30, 2000	<u>\$ 5,862</u>

(continued on next page)

NOTES TO FINANCIAL STATEMENTS

(continued)

April 30, 2000

Note 7: Donated Property

During the fiscal year ended April 30, 1989, the Service purchased the building used to house the Service's operations from the Union Fire Company for one dollar. For valuation purposes, the building has been recorded at \$77,565 which includes the property's insured value on the date donated plus legal and surveying fees.

Management feels this valuation method is not a material distortion of its financial position or results of operations due to the fact that the recorded value and the fair market value on the date donated do not significantly differ.

Note 8: Risk Management - Insurance

The Service purchases commercial general liability, workers' compensation, auto, and property insurance through a local insurance broker for all risks. There have been no significant reductions in coverage from the prior year.

The Service, therefore, retains no significant amount of risk. The Service is liable for any claims in excess of its coverage liability. At April 30, 2000, no claims were in excess of coverage.

July 6, 2000

Board of Directors
Millstadt Ambulance Service
Millstadt, Illinois

INDEPENDENT AUDITOR'S REPORT ON ADDITIONAL INFORMATION

We have audited the financial statements of the Millstadt Ambulance Service for the year ended April 30, 2000, and have issued our report thereon dated July 6, 2000.

Our audit was made for the purpose of forming an opinion on the financial statements taken as a whole. The following schedules and tables, listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements of the Millstadt Ambulance Service. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, such information, is fairly stated in all material respects in relation to the financial statements taken as a whole.
